

Buckeye Link Wiki Hunt

Name: _____
Worksheet #1: FERPA

Use the FERPA Wiki pages to answer the questions below. Please return to Cassie Kasler via email.

1. FERPA is a law in place to protect a student's privacy. When does FERPA apply to students?

2. When does OSU consider a student "enrolled"?

3. If she came in today, could you speak about account specific information with the mom of a new student enrolled for Autumn 2020?

4. Name three pieces of general information that can be shared with anyone:

5. The mother of a current student is emailing regarding their financial aid. She's on the SIR but doesn't emailed from a different email address than what is listed, can you release information?

6. Where can you find what information the student has designated releasable to a party on the SIR?

7. The SIR covers Account, Academic and Financial Aid information. The student has authorized us to discuss all three areas, list two releasable pieces of information from each area.

8. What is a "Window Shade" directory restriction?

9. In what instances can we release information even with a directory restriction on file?
